THIS IS OUR STORY

AT RICHWOODS IN THE BEGINNING

FOREWORD

Our story at Richwoods had its beginning only a few years ago. We opened our doors to the first student body of Richwoods Community High School in September of 1957. However, our story certainly had begun much before this when the citizens of our community had the insight and desire to want to provide the best possible high school education for the students in our district.

In addition to working diligently and laboriously to provide the finest physical facilities possible, the Board of Education employed an administrative staff and faculty equal to none.

Superintendent Fred C. McDavid, a well known administrator in the field of education in the state of Illinois and the nation, has in an outstanding manner led our school to succeed in preparing our students for the chapters in their life which follow. Our excellent reputation is known from coast to coast.

This particular volume of the story of Richwoods is especially important to our current graduating class. This class is the first graduating class to have entered Richwoods Community High School as freshmen and complete four years here. We are proud of you and extend to you, Class of 1961, our finest wishes for your success in whatever career you may choose.

It is our sincere hope that everyone enjoys the chapters which follow in portraying the story of Richwoods. We feel everyone in Richwoods Community High School District 312 is a part of our story.

BOARD OF EDUCATION

Mrs. George Meyer, Jr.
Secretary

Our Board of Education Pauses From Their Busy Schedule.

This is the fourth year of operation of the Richwoods Community High School. During these four years we have seen not only an expansion in the number of students graduated each year but also an expansion in the faculty and facilities. The willingness of the people of this community to provide financial support to pay good teachers and build an adequate school has been gratifying to all concerned. The bond issue money recently voted upon favorably, and all the money previously spent, will be justified only if the product produced — a good secondary education in sound bodies and minds — is achieved. America's future is secure when education does not fail.

Dr. Fred C. Endres
President of the Board of Education

Mr. L. Edward Roby

Mr. Arthur Szold

Mr. Henry Triebel

Mr. Charles Ullrick
School Attorney

TO MISS CURRAN:

Richwoods Community High School opened its doors to the first student body in September 1957. Many hours of preparation, thought, work, and endeavor were done before the opening day. Any important chapter in the story of Richwoods is a person who spent much time and effort in formulating policies and co-ordinating activities of R.C.H.S. She has continued in this vein for the past 4 years. No task is too great for her; yet nothing is too menial for her if it is for the general betterment of Richwoods.

As a specialist in college counseling, she has aided many students in selecting a college suited to them, and has also given much time to the student going into business or industry following graduation. Organization of testing programs, job placement, and scholarship planning are only examples of her many activities.

Many a student has found a listening ear and an understanding smile when he or she has sought her help. This person's educational pursuits are international in scope. Holding offices in an international and state educational organizations, along with membership in national organizations are among her educational achievements.

No, the story of Richwoods could not be told without a special tribute to this person. We the 1961 EXCALIBUR staff dedicate this volume to you, Miss Helen Curran, Director of Guidance and Dean of Girls.

Miss Curran dictates a letter to her secretary, Mrs. Betty Brown.

SUPERINTENDENT FRED C. McDAVID

Mr. McDavid pauses from his busy schedule.

Mr. McDavid chats with the student body.

Mr. and Mrs. McDavid enjoy the Homecoming Dance.

A man of untiring energy and enthusiasm is our fine Superintendent Mr. Fred C. McDavid. Mr. McDavid always finds time in his busy schedule to talk to anyone who wants to see him. Our story certainly centers around this fine gentleman. Along with his fine administrative duties, Mr. and Mrs. McDavid attend and enjoy the many social functions at Richwoods Community High School. The student body is indeed grateful for the outstanding leadership he has given to the students, community, and staff at Richwoods.

OUR ADMINISTRATORS

MR. RICHARD ERZEN
ASSISTANT SUPERINTENDENT AND DEAN OF BOYS

MISS HELEN CURRAN
DIRECTOR OF GUIDANCE AND DEAN OF GIRLS

MR. LEON PERLEY
BUSINESS MANAGER

Mr. Erzen works dilligently for Richwoods Community High School. His busy schedule never prevents him from giving assistance to anyone who desires it. Truly Mr. Erzen is a fine page in our story. He has helped Richwoods gain the reputation it has. Miss Curran as Dean of Girls and Guidance Director serves as an important part in the story of Richwoods. Her leadership has accomplished many feats for Richwoods. Mr. Leon Perley has very capably handled his position as Business Manager. His innumerable tasks connected with the business side of Richwoods has truly been important in the building of our story.

We, as a student body and school, are grateful to our fine office staff for all their assistance to us throughout the year. Whether we would like to purchase a ticket to the football or basketball game, see a counselor, or need assistance in finding a misplaced book, each person is ready to give us his aid. If we were to list all the services and help provided to us here at Richwoods by the office staff, the pages would grow and one chapter could not sufficiently cover all the nice things done for us.

Always a friendly smile and a pleasant "May we help you?" all add to our fine education here at Richwoods. So we are indeed happy and our gratitude is beyond our ability to express. Thank you office staff for playing so vital a role in our story of Richwoods.

SPECIAL

Our Bus Drivers, Cafeteria Staff, and Maintenance Staff all provide a vital service to Richwoods Community High School. Our friendly bus drivers see to it that we are transported to and from school daily.

The fine cafeteria staff prepares a fine and nutritious lunch for us each day. They see to it that we may purchase milk and rolls before and after school.

Our school is neat and tidy due to the never-ending endeavors of our maintenance staff. We are indeed proud of our school and enjoy having visitors. For the excellent services these three groups provide in our story, we as a student body say thank you.

O R S

Four years ago in 1957 we, as the 1961 graduating class, came to Richwoods Community High School as the first freshman group to enter its portals and become a chapter in the story of Richwoods.

Our academic pursuits were many, and it did not take us long as "freshies" to realize that we were being given an outstanding education by our community, Board of Education, administration, faculty, and staff.

Our chapter had only begun; we soon found ourselves sophomores, and then juniors. Only too rapidly it was September 1960, and we were beginning our senior year. Our pages were growing rapidly. We found ourselves winning first prize in the Homecoming float competition. Many of us attended such career-planning activities as college day, Campus Capers Party, Suzie-Secretary Party. Some of us became members of National Honor Society. Many of us received scholarships to numerous colleges and universities. The biggest social event this year was the Senior Dinner Dance.

We find ourselves after completing four years here at Richwoods self-assured that we are completing one of the finest and substantial educations in the nation. We are prepared to meet the future, be it in college or the business world.

Our chapter is not finished; we shall continue as "Adult Knights" of our community and strive to give future Richwoods students as fine an education as we have had.

PLAYS VITAL ROLE

Our student council has been a vital chapter in the story of Richwoods Community High School. This year under the leadership of President Lesley Swords and Vice-President Bill Geurin, many worthy service projects and social events were sponsored for the benefit of the student body. Elena Tondelli, this year's foreign exchange student, was sponsored by our student council.

At Christmas our student council led a food collection drive and baskets of food for the needy were distributed.

The student council also played a vital role in the bond-issue campaign.

Other service projects were sponsored by council throughout the year. In addition they were active members of the Mid-State 8 Student Council. Christie Lew and Jim Buck were both Officers of the Mid-State Eight Student Council.

On the social side of the ledger, council sponsored three successful big all-school dances — our annual Homecoming Dance, Knight Around the World; the Christmas Dance, Contemporary Christmas; and the annual all-school Spring dance.

Mr. Richard Erzen is advisor to the group assisted by Miss Helen Curran and Mr. Donald Henderson.

The Varsity and Freshman-Sophomore cheerleaders are a vital part of our story. Their vim, vigor and vitality are essential parts of football and basketball games and in pep assemblies.

They have practices two or three times a week with Miss Simone Drake, their advisor.

The seven Varsity and six Freshman-Sophomore cheerleaders promote sportsmanship, pep, enthusiasm and school spirit. With their leadership at games we back our teams and give them the necessary support.

ELENA TONDELLI

The American Field Service Program for foreign exchange students is world renown for the work it has done. Last year Rudy Helbling was our visitor from Switzerland, and again this year the student council sponsored the foreign exchange program and brought to our school Miss Elena Tondelli, an Italian girl.

She enrolled as a member of the senior class and has become acquainted with the American way of life. Elena has been a personable asset to Richwoods, and we all wish her the best of luck in the future.
